

CLASSIC

veneer

- » Exposed surfaces are number one select cherry veneers. Back panels and drawer fronts are matched in sets to assure proper grain balance. Select straight and close grain patterns are used overall to maintain consistency between individual units.

worksurfaces

- » 1 1/4" thick feature 5-ply construction and are profiled on all sides.
- » Lumberbanded edges are mitred at the corners.

drawer suspensions

- » High quality with a lifetime warranty.
- » Box and file drawers are full extension.
- » Positive cushioned in-out stops for easier, quieter operation.
- » Steel ball bearings and bright electro-plated finish ensure a smooth ride.

locking

- » Pedestal locks secure all drawers with the turn of a single key.
- » All units ship keyed alike.
- » Removable lock cores for rekeying.

assembly

- » Tenon-and-groove case construction and mortise-and-tenon pedestal construction for ultimate stability.
- » Structural joints secured by 16 gauge steel angle brackets and wood glue blocks.
- » Adjustable levelers feature insert nuts to prevent glide tear-out.
- » Caseloads ship fully assembled. U Units and L Units will require assembly of base components.

finish

- » OFS uses a multi-step catalyzed super finish to enhance the natural hardwoods used in OFS products.
- » Worksurfaces are triple-filled (no open grain) and hand-rubbed to a rich, lustrous finish.
- » Choose from 7 finishes.
- » HPL top option available on many finishes.

edge

- » Profiled traditional edge.

pull

- » Brass traditional pull with fixed bail.
